PRECONTRACT APPROVAL RECORD (PART TWO)	CONTRACT FI-6555
The services and equipment being procured by this Contract No. <u>FI-6555</u> are in furtherance of the <u>ARGON</u> Program(s), the nature of which cannot be publicly disclosed for security reasons. The Contracting Officer therefore determines that this procurement must be accomplished by negotiations pursuant to the authority of Section 3(a) of PL 81-110 and Class Determination and Finding, OXC 2122, signed by the DDCI on 15 October 1961. Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all covert expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress (formerly 10(b) - see 85-507 dated 7/7/58) for each contract. The following comments describe the procurement hereby effected, the terms and provisions generally of this contract/amendment, and a resume of major issues negotiated: This Administrative Change No. 1 to Contract No. FI-6555 allots an additional [REDACTED] to the contract thereby increasing the funds allotted from [REDACTED]. This resulted from an additional 300 hours of Senior Engineer Services and 300 hours of Senior Engineering Technician Services including per diem and car rental, all of which was covered in Amendment No. 2.
